Branded PPE, Workwear & Safety Signs Catalogue

About bryson³

Bryson is the leading importer, manufacturer and distributor of fixings, temporary protection and safety products, focused on fast, direct supply to fit-out and refurbishment contractors across the UK. Bryson was established in 1974 and has grown rapidly ever since, tripling in size in the last 5 years. The business is still managed by the original family that founded it and has grown due to providing a very high level of service, quality products and dedication to our customers' needs.

Why Us?

At Bryson, we pride ourselves on our USP's that allow us to make fit-out and refurbishment projects happen FAST!

JSP EVOLite Skyworker Helmet

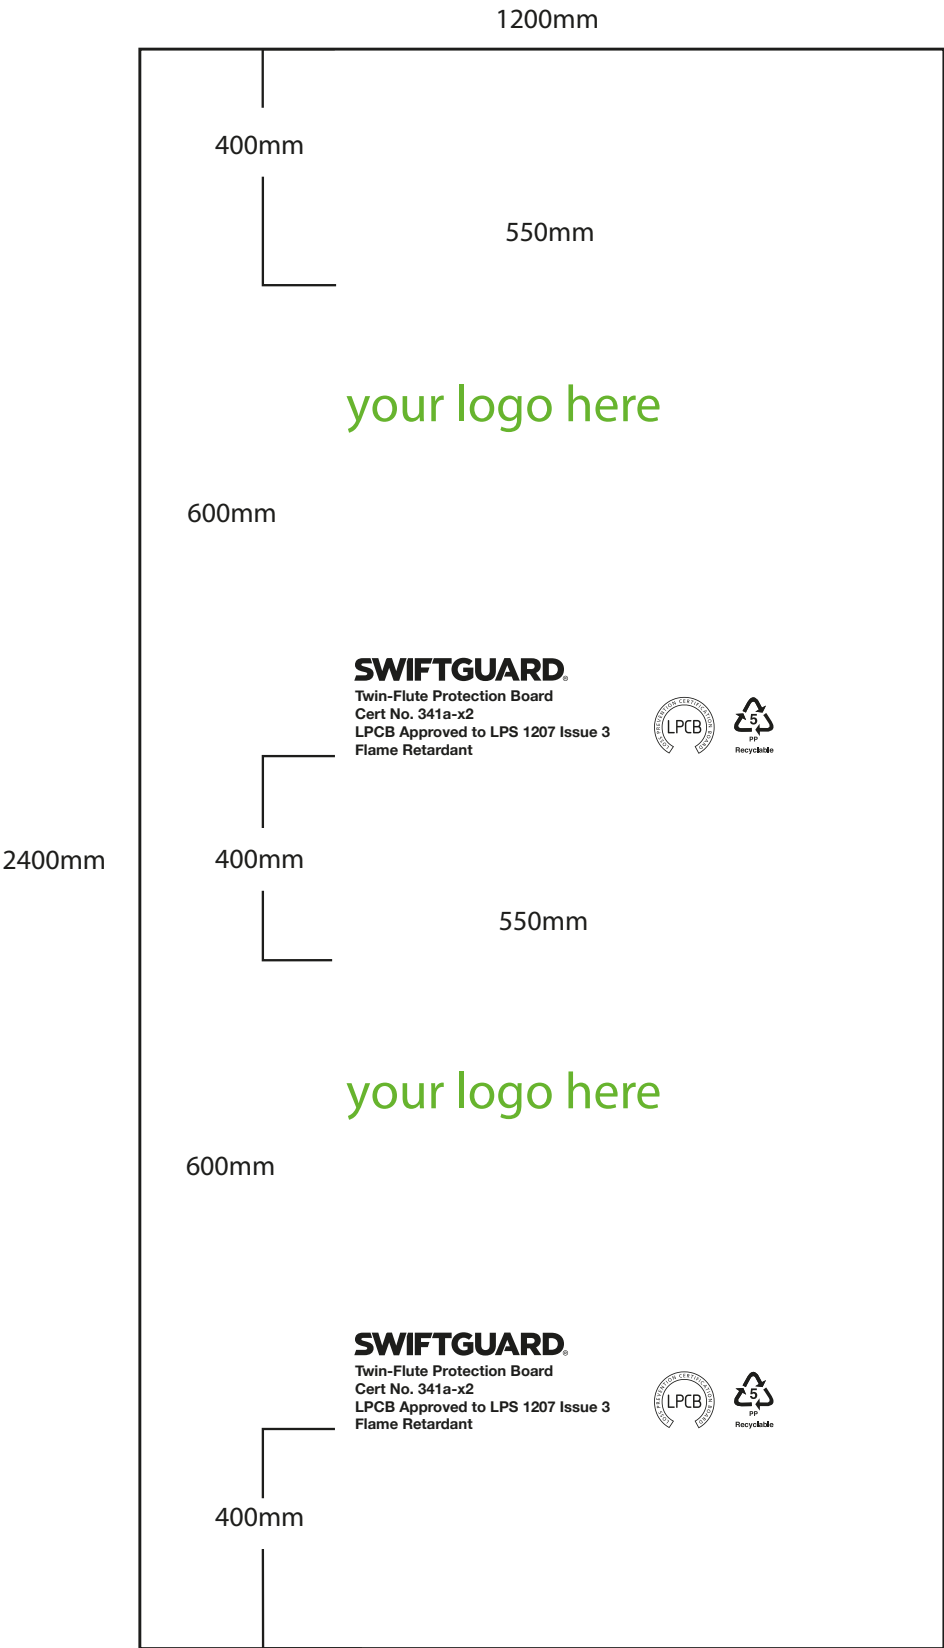

JSP EVO3 Safety Helmet

JSP Evo2 Safety Helmet

Please note: These are all approx measurements

The Health & Safety (Safety Signs and Signals) Regulations 1996 is a legal requirement for employers to provide and maintain safety signs where there is significant risk to health and safety. The use of the signs are designed to help reduce the risks on site.

The use of symbols, images and colours create a simple safety system used to alert person(s) of safety messages at a glance. These colours and symbols when appropriately used provide information and warnings of hazards which are essential to personal safety

Prohibition

Red circle with diagonal line on white background.
Symbol within the circle to be black and indicates a certain behaviour is prohibited. You must not/Do not do/Stop.

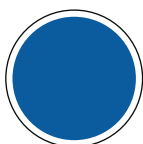

Hazard

Yellow triangle with black border and symbol within the yellow area.
Indicated a potential hazard within a designated area.

Mandatory

Blue circle with white symbol.
Indicates that a specific action must be taken. You must do/Carry out action displayed on sign.

Fire Equipment

Red rectangle or square with symbol in white.
Indicated the location of fire equipment and personnel.

Safe Condition

Green rectangle or square with white symbol or text.
Provides information about safe conditions, the safe way/where to go in an emergency.

Foamex

3mm and 5mm thickness.

PVC foam sheet with a smooth finish.

Lightweight and easy to install.

As standard Bryson will print all signs on 3mm Foamex unless otherwise specified.

Other materials we can print on (subject to availability and upon request):

1mm Rigid Plastic

3mm Diabond

3mm Correx

3.8mm ECOsign

100% Paper

ECOsign

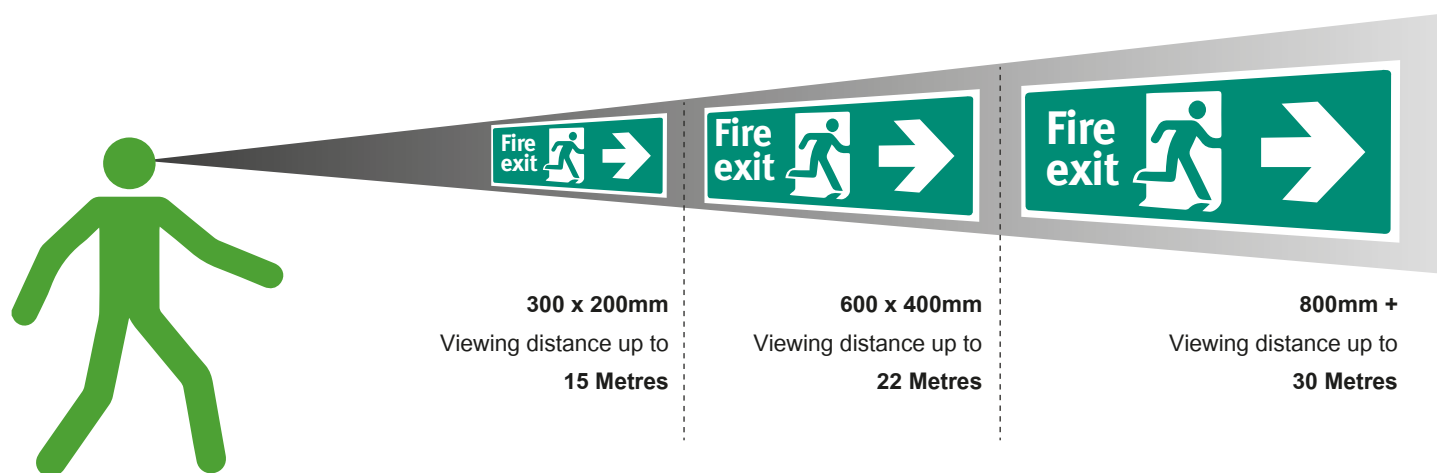

Meet your green goals with ECOsign board.

100% Paper

Everything you would expect from a sign – flat, smooth surface with excellent printability, rigid and stable, and 100% paper.

For other materials, please call us on 020 8660 9119 and speak to our Sales Team

It is important to consider where your signs will be used and from what distance they need to be viewed. The below is a guide only. If you have any questions, please contact one of our sales team on 020 8660 9119.
