

THE BRYSON WAY

bryson 
Smarter. Faster. Greener.®

THE BRYSON STORY

Established in 1974, we're still a family-owned business and our people and customers helped us grow from a shed in Grandad's backyard to who we are today. We remember that and put you first, always. Now, Bryson is one the UK's leading manufacturers and distributors of products to the construction fit-out industry, supplying many contractors like you.

CORPORATE FOUNDATION

Our vision is to be the sustainable supplier of choice for construction and fit-out contractors.

Our mission is to make life easier for **construction, fit-out, and infrastructure people people.**

Everything we do is underlined by our core values of **“Fast, Humble, Hungry, Smart”**

We focus all our efforts on helping contractors like you, improve the supply of safety, fixings, and protection products with the development of our **Smarter. Faster. Greener.** methodology, known as **The Bryson Way**.

The Bryson Way means challenging ourselves to improve your customer experience and deliver on our mission to make life easier for construction, fit-out and infrastructure people. By constantly asking if there is a better approach, method, or process, we deliver a competitive advantage for you with a sustainable business model.

Being 100% construction focused, our unique offering is designed to help you be **Smarter** with our industry-leading BrysonBase e-Procurement portal and keep your projects on track with our **Faster** service. As a family business, everything we do helps you reach your sustainability goals, including being the industry's first carbon negative supplier making you **Greener**.

A person wearing a high-visibility safety vest is seen from behind, looking at a whiteboard in a construction or office setting. The image is overlaid with a green tint.

**“We are the pioneers,
the innovators”**

YOUR ORDER TIME. CUT.

By 42% with our e-Procurement Portal.

Allows you to place & approve orders in as little as 30 seconds. Giving you more control with less admin.

SMARTER

GRAHAM

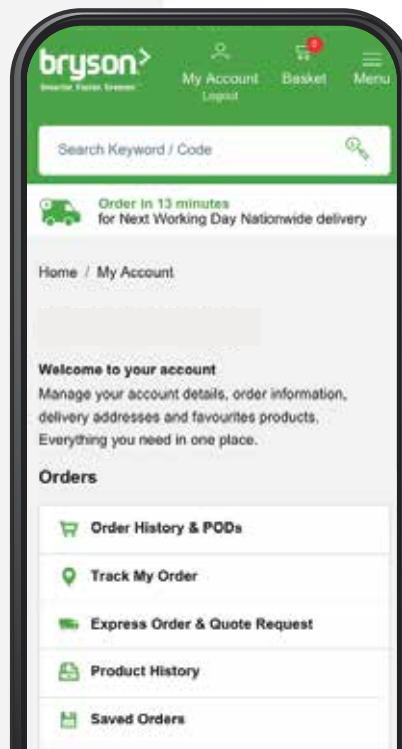

BRYSONBASE

Our e-procurement portal has been designed, specifically for the construction & fit-out industry.

We've been perfecting and streamlining the solution for over 10 years with our in-house web development and IT teams. Having an in-house digital team means we can develop, customise and improve our portal to suit different requirements and needs.

Our dedication to continual development means we have a solution that drives maximum efficiency and reduces admin time - on average our customers have been able to **reduce their ordering time by up to 42%**.

EVERYTHING YOUR SITE NEEDS IN ONE CENTRAL PLACE. BRYSONBASE.

Streamlined Order Approval Workflow

Using advanced user, address & product controls, our order requisition feature allows 1-click order approval. Guaranteed to save you time.

Advanced Budgeting

Manage your spend better at user level, account level, site level and even product level, with budget setting.

Save Time, Saved Orders

Save common, frequently bought products as saved orders for easy future ordering. Order ad-hoc or as recurring standing orders.

Order Consolidation

Receive your orders in one go, on one delivery and on one invoice with consolidated orders. Plus, reduce your carbon footprint!

Bespoke In-House Solution

Web development is 100% in-house, meaning you will receive a flexible, integrated solution that is bespoke to your needs.

Register To BrysonBase

BrysonBase accounts for over 50%* of our total revenue. That's how much our customers love it!

**compared to 17% industry average*

THE SUSTAINABLE SUPPLIER OF CHOICE

Our vision is to be the sustainable supplier of choice for forward-thinking construction and fit-out contractors, like you. With our industry leading 3P sustainability strategy, we continually aim to work **Smarter. Faster. Greener.**

Our efforts are focused on **3 key pillars: Planet, Product & Supply Chain and People.** We're passionate about sustainability, protecting and enhancing the environment, supporting communities, and strengthening our supply chains..

Our long-term goal is to be **Net Zero by 2040.** Whilst we work towards this goal, we've already achieved some great milestones long the way. Such as a our sustainable and inclusive product range, making every delivery green through order consolidation, minimising packaging, our low carbon fleet and our diverse and inclusive supply chains.

We're excited to be the first Certified Carbon Neutral supplier in the construction industry, so you're greener with us

IN-HOUSE PRODUCTION OF SIGNAGE & GARMENTS

100% In-house Production

Over the years we've invested in our in-house production capabilities. The Bryson studio team offer you a comprehensive service including artwork design, print and heat transfer all under one roof. Nothing is outsourced, giving you peace of mind that your products are printed exactly as you want them.

Our high-quality signs, and branded PPE & Workwear are designed and printed at our Gatwick HQ by a dedicated team of experts.

- A service that is bespoke, fast and reliable.
- With branding across a range of signage, hoarding signage, stickers, garments, PPE and workwear.
- Transfer, Vinly, Temporary Protection and Embroidery.
